Written specifically for students in a group or class setting, PIANOLAB is well-known for its engaging step-by-step approach to playing the piano, as well as, helping you understand how music works. PIANOLAB develops keyboard skills quickly with the help of a practice CD, available bundled with the text at no extra charge. This collection of over 70 pieces offers students the opportunity to hear some of the varied repertoire and gain a playing partner when the instructor or a fellow student is not available.

## Reviews of the PianoLab: An Introduction to Class Piano (with Keyboard for Piano & Guitar) by Carolynn A. Lindeman

1. Erthai

This textbook was used in a piano class I was taking at college. It's great. Strongly recommend it. I suggest getting this version of it:  
bla

2. Rias

A requirement for class. Helpful enough, much more helpful than my professor was, but that's not saying a whole lot.

3. Kage

Everything yu need to know

4. Redfury

The product was as presented and I was very pleased. Unfortunately the class was canceled due to lack of enrollment.

5. Gozragore

This book makes life really easy for beginners like me. Plus, we use it in the classroom and it is very easy to follow for everyone in the class with various levels of (talent?).

6. avanger

It's in good condition!

7. Painbrand

It was dirty

8. Love this book! Very good condition, no missing pages, everything is in tact and the delivery was quick and fast! 5/5
