Reviews of the *Money, Banking, and the Financial System* *by* R. Glenn Hubbard

1. Cemav

Nice product.

2. Zadora

good

3. Musical Aura Island

good

4. Cae

Excellent !!

5. kolos

Service from the seller was great. The book itself is just okay, I've used far better Econ texts, but unfortunately the teacher gets to choose, not the student.

This textbook came in fabulous condition. You don't need to buy the newest edition just to satisfy your college's partnership with textbook companies. Seriously, buying the newest edition is a waste of money.

The information in the older edition was just fine, and comes in great condition.

I enjoyed reading the book when I did for class. It was really interesting, however I feel its a little dated.

8. I noticed the other reviewers seemed to be in grad school, and in that case I suppose it wouldn't be what they were looking for. I do believe this textbook was made for an undergrad class. I found it highly enjoyable, to the point, informative, and not overly complex for people who are new to the subject.
