What can managers do every day to get more and better work from people while giving them the flexibility they need?

The answer lies in H.O.T. Management—the breakthrough set of management techniques, skills, best practices and habits of the most effective supervisory managers in today’s extremely demanding workplace.

This pocket guide clearly and concisely spells out what you need to do to become a H.O.T. manager. The author’s message is simple, yet powerful: Make high performance the only option. Be a hands-on manager. And spend lots of time with employees spelling out expectations and clarifying standards.

If you think it’s getting harder and harder to manage people, this pocket guide’s for you.

H.O.T. Management contains vital lessons any manager at any level can practice to increase productivity, quality, and morale—and, in turn, improve retention.

Discover how you can rely on H.O.T. management strategies to:

Drive performance through negotiation and coaching
Gain power by positioning yourself as being able to do more for people
Engage direct reports in ongoing coaching dialogues about performance, goals and deadlines
Hold each person accountable, every day

Rich with examples from real-life work situations, H.O.T. Management is the source of concrete techniques managers striving to get the best out of people need.
