Reviews of the [Electrocardiography Essentials \(Clinical Allied](#)

Healthcare) *by* Cheryl Passanisi

1. Rocksmith

Great price, shipped & received earlier than expected. Pretty good condition overall. As it is a used text/workbook, some of the pages have notes and end of chapter exercises have answers filled in. Not surprising nor a dealbreaker.

2. Goltigor

Old but good book, has a lot of knowledge.

3. Authis

6. Faegal

It arrived 3 days after placing order and in very good condition, exactly how the seller described. I would purchase again from this seller.

7. Grari

excellent text book written very professionally and informational

8. The edition was correct as described- however I would have described the condition as 'fair' rather than 'good as new' for well worn corners showing good use and substantial highlighting throughout the book.
