Reviews of the **My Heart - Christ's Home** by Robert Boyd Munger

1. Mettiarrb

Great little story of the Holy Spirit making his home in our hearts. Originally a sermon by Robert Munger it has become one of the most widely published Christian booklets ever produced. I first heard the story years ago when Dr James Kennedy presented it at his church service which was aired on television. I ordered a cassette tape of that presentation at that time and I still have it. I recently decided that I

needed it for my Kindle Fire. It's can be read in 30 minutes or so and like millions of others I think it is a great analogy of the indwelling of the Holy Spirit into the life of a believer.

2. Otiel

Love this devotion book! It's Awesome! Some people don't "get" the My Heart Christ's Home book which describes our Spiritual lives compared to our homes but they're wonderful, in my opinion, and this devotion book goes along with it to challenge us to be more like Christ in our Christian walk. You can feel the conviction behind the devotion.

3. Siratius

On this Christian journey, sometimes we feel very alone. We believe what we go through or think or feel is only experienced by us. When another child of God shares in a pure way that removes the scales from another's eyes, it is life changing. And timeless, as is this piece.

4. ᄁᄁᄁh

This booklet really opens up your mind to help see our bodies as a home. Then showing us how well or not so well we welcome Christ into our place of dwelling. It's thought provoking and heart warming. Its worth buying for yourself and buying to share with friends and family.

5. Kanal

This is a classic parable of what theologians call progressive sanctification. It describes how an evangelical Christian learns to commit more of her life to Christ as time goes on.

6. Arlana

This book was being discussed on the Good News Network. So many people loved it and spoke of how it has changed their lives. So, I thought this was a must read. I would recommend it. You find yourself thinking about your rooms in your heart.

7. EXIBUZYW

I read the book at the suggestion of Doreen Virtue, and in readiness to consider a new perspective. This book offered a nice little ride which produced a good release for me when surrender to release the dead things was described. I felt moved and welcomed Christ into my heart. Some of the terminology didn't resonate with me, but I was able to see the metaphor and use it anyway.

8. This little booklet is awesome explaining the inward dwelling of the Holy Spirit in the temple of our bodies and spirits. I have reordered and shared them with the different Bible classes I teach.
